

Communicable Disease Team

MAIN LINE: (828) 695-5800 | FAX REPORTS TO: (828) 695-5103

As an essential part of disease control efforts, Communicable Disease Nurses provide a channel of communication between Catawba County Public Health, hospital and occupational health personnel, and physicians. If you have questions about communicable diseases or need more information about diseases or reporting, please contact one of our local communicable disease/TB nurses. **Reports can be faxed to (828) 695-5103.**
