# General Fund

The General Fund is the primary operating fund of the County and supports the regular day-day operations. This fund captures the general revenues and expenditures of primary governmental activities including education, public safety, human services, parks, libraries and general government. Unlike the government-wide financial statement presented previously, the general fund is presented using a current resources focus (amounts to be collected or paid in the near term).

## 2017 Where the Money Comes From

Property and Sales Tax represent the most significant source of revenue for the General Fund representing 70% of the total revenue collected. Other major categories of revenue in the General Fund are shown above.

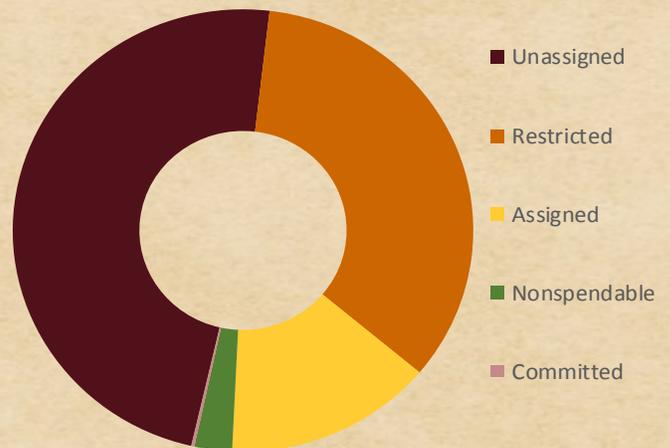

Once the County collects revenues, the funds must be spent efficiently to provide services to citizens and businesses. The General Fund finances the regular day-to-day operations of the County.

In 2017, the General Fund expenditures of \$169 million were lower than budget by \$12.9 million. This conservative approach to spending is a hallmark of the County.

## 2017 Where the Money Goes

## 2017 Fund Balance

## FUND BALANCE

The Board of Commissioners have set a goal for maintaining an unassigned fund balance of no less than 16% of general fund expenditures. This equates to 2 months of operating expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the County. The County has consistently exceeded this goal. For FY2017, the County has unassigned fund balance is 22% of general fund expenditures.
