## library to go

INTRODUCING A NEW KIND OF LIBRARY!

Library to Go is Catawba County's new mobile library – and it's about ready to hit the road!

For many months now, our staff has been working behind the scenes to prepare for the roll-out (literally!) of the Library to Go. Essentially a traveling location of the Catawba County Library, it brings empowering services and resources from within the library walls and into communities that need them the most.

Spearheading its efforts is a Librarian to Go, who's excited to assist people with all their information needs, including early literacy, STEAM programs, career development, technology workshops, and personal enrichment.

The Library to Go features lots of colorful graphics and is equipped with computers, solar panels, an awning, exterior lighting, and wireless access points. When it arrives for a visit, we'll unload it and set up bookshelves, work tables, technologies, lounging spaces, and play and learning areas – creating a temporary, ever-changing library space designed for interactive learning and exploration.

People will be able to enjoy traditional library resources like books and computer access, and they'll also be able to participate in special programs, often in an open-air environment. Plus,

visitors can sign up for a library card and check out materials from the Library to Go.

Stay tuned as we kick off the upcoming appearances of Library to Go! We'll share a schedule of visits so you can be sure to seek us out, check us out, and learn how the library is actively transforming our community.

If you would like for us to consider your organization for a visit, please fill out a request form at [www.catawbacountync.gov/library](http://www.catawbacountync.gov/library). Please note that our priorities are underserved locations, non-profit agencies, and community events.

We know you'll be thrilled to join us in introducing the

Library to Go and its new librarian to the community, as we bring the power of the library to meet people where they are. So whenever you see us out and about, drop by and see what we're up to—the library is for everyone, especially you!

Being customized

### Halloween Swap & Shop

It's a great time of year to enjoy dressing up. Unfortunately, some children may not get to experience the fun because they don't have access to Halloween costumes. To support local children and families, the library is hosting a donation drive to collect gently used or new Halloween costumes and accessories. All donated items will be used for a Halloween Costume Swap & Shop event in the fall of 2019, when families can bring costumes to trade with others or choose from a selection of free options.

If you have costumes that you would like to donate, simply drop them off at any of our seven library locations. We'll accept donations year-round!

*\* This program was supported by grant funds from the Institute of Museum and Library Services under the provisions of the federal Library Services and Technology Act as administered by the State Library of North Carolina, a division of the Department of Natural and Cultural Resources.*
