

Determining the Right-of-way in Catawba County

Use Catawba County's GIS Real Estate Search tool to determine the right-of-way.
<https://gis.catawbacountync.gov/parcel/> (Under "Map Layers," turn on an Aerial view)

The General Assembly of North Carolina allows campaign signs in the right-of-way **beginning on the 30th day before the beginning date of "one-stop" early voting and ending the 10th day after the primary or election day.** – [NCGS §136-32. Regulation of signs.](#)

Be aware that a city ordinance may further prohibit or regulate placement of political signs on streets within the corporate limits.

THE BOARD OF ELECTIONS does not regulate sign placement; contact NC Department of Transportation.

Example: Intersection of 321 and Radio Station Rd. Property lines are indicated in green. Anything outside the property lines along streets is considered DOT Right-of-Way. By NC General Statute, signs are not allowed until 30 days before voting begins.
